APPENDIX – A
Recorded Crime and Incidents Dashboards

The following appendices consist of a series of dashboards showing

- Crime and incident trends over time
- Performance against targets
- Comparisons against other categories
- Comparisons with other districts in Leicestershire
- Comparisons with "Most Similar Districts" (MSG) in England
- Five highest crime areas
- Types of communities affected

Table A1, shows the source of data used in the dashboard analyses. Tables A2 to A6 list the crime and incident categories shown in the dashboards.

Table A1: Data Sources used in Dashboard Analysis
Leicestershire Constabulary: Recorded Crime and Incidents
Leicestershire Fire & Rescue: Primary & Secondary Fires Incident Data
iQuanta : Most Similar Family Group (MSG) Rankings
Census 2001: Population Data
Census 2001: English Indices of Deprivation 2010
Lower Super Output Areas (LSOAs): An explanation of LSOA can be found at http://www.idea.gov.uk/idk/core/page.do?pageId=7175806
National Statistics Output Area Classifications (OAC): More Information on OAC can be found at http://www.ons.gov.uk/ons/guide-method/geography/products/area-classifications/ns-area-classifications/index.html
Rural/Urban Classification(England and Wales): Background information is available here: http://www.ons.gov.uk/ons/guide-method/geography/products/area-classifications/rural-urban-definition-and-la/rural-urban-definition--england-and-wales-/index.html

Table A2: Crime Categories

Table A2: Crime Categories
Total Recorded Crime
Violence Against The Person
Assault With Less Serious Injury (AWLSI)
Assault Without Injury (AWI)
Serious Violence Against The Person (VAP)
Other Violence Against The Person (VAP)
Serious Acquisitive Crime
Burglary Dwelling
Robbery
Vehicle Crime
Theft from Vehicle
Theft of Vehicle
Other Acquisitive Crime
Burglary Other than Dwelling
All Theft
Theft of Cycle
Theft from the Person
Criminal Damage
Other Offences
Drugs
Sexual Crime
Shoplifting

Table A3: Anti-Social Behaviour Categories

Table A3: Anti-Social Behaviour Categories
Total Anti Social Behaviour (ASB)
ASB - Rowdy and Nuisance Behaviour
ASB - Neighbour Disputes & Nuisance Behaviour
ASB - Vehicle Nuisance
ASB - Hoax Call
ASB - Abandoned Vehicle
ASB - Other ASB
Arson - Total Deliberate Fires
Arson - Primary Fires (Vehicle)
Arson - Primary Fires (Non Vehicle)
Arson - Secondary Fires

Table A4: Domestic Crime & Incident Categories

Domestic Incidents
Domestic Offences
Domestic Offences- Violence Against the Person (VAP)
Domestic Offences- Assault With Less Serious Injury (AWLSI)
Domestic Offences- Assault Without Injury (AWI)
Domestic Offences- Other VAP
Domestic Offences- Serious VAP
Domestic Offences- Sexual
Domestic Offences- Other

Table A5: Hate Incidents & Offence Categories

Hate Offences
Hate Incidents
Hate - Violence Against the Person(VAP)
Hate - Criminal Damage
Hate - Other Offences

Table A6: Substance Misuse Offence Categories

Substance Misuse - Alcohol Related Offences
Substance Misuse - Alcohol Related Other Offences
Substance Misuse - Alcohol Related Violent Crime
Substance Misuse - Drug Related Offences
Substance Misuse - Drug Related Violent Crime
Substance Misuse - Drug Related Other Offences

Crime & Incident Dashboards - Explanation of Information and Analyses

Category: Crime or Incident Type

|		
Overview This section provides a written summary of crime & incidents for: · Trends · Performance · Comparison against other categories · Comparison against other districts (MSG) · Highest Crime area · Which communities are most affected	**How has crime compared over time?** This section compares recorded crime and incident trends over the last 5 years at District, National and County Level where data is available. For Leicestershire the County and National Levels are used where data is available.	**How does this crime compare to other crimes?** This section shows the crime/incident type as a percentage of total crime (or incidents) and shows other categories to provide a context for that category. For Example within Total Recorded Crime the main crime categories are shown : Violence against the person; Serious Acquisitive Crime; Other Acquisitive Crime; Criminal damage; Sexual offences and Other offences.
Did we achieve our targets? This section highlights whether targets were met. Where no target are set the previous years figures were used. For crime and anti- social behaviour the aim is to reduce the number of crimes and incidents reported. However for domestic and hate incidents the aim is to increase reporting.	**Where are the highest crime areas?** This sections highlights the highest crime area by Lower Super Output Area (LSOA). The number of crimes for each area is given along with the crime rate (per 1000 population) and an indication of whether crime has gone up or down in that area compared to the previous year (⇧⇩). Where areas are one standard deviations above average then these areas are highlighted as High Crime levels in Leicestershire County. Where areas are more than two standard deviations above average then these areas are highlighted as highest Crime levels in Leicestershire County. For Total Recorded Crime there are 13 areas with the highest crime in the county. There are 17 high crime areas in the county.	**Which communities are most affected?** Three types of community classification were used to give an overall picture of the types of communities affected by crime; National Statistics Output Area Classification (OAC); Rural/Urban Definition (England & Wales) and Indices of Multiple Deprivation (IMD) Quintiles for Leicestershire. Each classification is available at Lower Super output Area. Crime and incident data was aggregated for each classification and divided by the population of the classification area to give the Number of Crimes per 1000 population. More information on oac classifications can be found at: http://www.ons.gov.uk/ons/guide-method/geography/products/area-classifications/ns-area-classifications/index.html Background on the urban rural classification is available here: http://www.ons.gov.uk/ons/guide-method/geography/products/area-classifications/rural-urban-definition-and-la/rural-urban-definition--england-and-wales-/index.html More information on Indices of Deprivation can be found at : http://www.lsr-online.org/reports/indices_of_deprivation_enhanced_data
How do we compare against other areas? This section compares the crime incident rate per 1000 population for each district in Leicestershire with the Leicestershire average, City and Rutland crime rate. Where available the crime rate for the districts most similar family groups/districts (MSG) are shown.		

Melton Community Safety Partnership Strategic Assessment - 2010/11

## Category: Total Recorded Crime

Overview

- During 2010/11 Total Recorded Crime fell by 4.2% compared to the previous year. This is worse than the national figure which saw a fall of 4.3%.
- The district met its target with 110 crimes (4%) less than its target.
- The area with the highest levels of Total Recorded Crime is Melton Craven West.
- The types of communities that are affected the most are those classified as Constrained by Circumstances. Within the Urban/Rural Classification Index Urban >10K are the areas most affecected by crime. Areas of higher deprivation have more crimes per 1000 residents than the least deprived areas.
- When compared against the seven districts in Leicestershire Melton ranks third (where 1 has the lowest crime rate per 1000 population). Melton has average crime levels when compared to its Most Similar Family Groups (MSG).

## Category: Anti-Social Behaviour (ASB) - Hoax Calls

Overview

- During 2010/11 Hoax Calls fell by 30.4% compared to the previous year.
- The district met its target with 24 incidents (30%) less than its target.
- Hoax Calls accounts for 4.2% of Total Anti-Social Behaviour.
- The area with the highest levels of Hoax Calls is Melton Egerton East.
- The types of communities that are affected the most are those classified as Constrained by Circumstances. Within the Urban/Rural Classification Index, Urban >10K are the areas most affected by ASB. Areas of higher deprivation have more incidents per 1000 residents than the least deprived areas.
- When compared against the seven districts in Leicestershire Melton ranks fifth (where 1 has the lowest ASB rate per 1000 population).
