## 2001 Census Key Statistics: Charnwood

The recent release of the Census Key Statistics tables by the Office of National Statistics (ONS) presents users with the first complete set of summary results from the 2001 Census of Population.

The 24 tables cover the main Census topics and consist of approximately 375 counts. These tables are presently available only at local authority district, county, unitary, regional and national level.

This area profile provides a summary of key data for Leicestershire County, East Midlands region and England. For disclosure reasons ONS:

- has independently modified the data in the Key Statistics release from future table releases. Thus the numbers in this profile could differ slightly to the same information in future releases. And,
- the percentage results have been rounded to two decimal places. Hence, multiplying the percentages by the relevant total population count will give a slightly different figure to the Totals column.

Finally, the material in this publication can be used free of charge, subject to it being acknowledged as Crown copyright.

## Keys Statistics Definitions

### 1991 Census Comparison

- Care must be taken when interpreting inter-census population, as there have been changes in definition between 1991-2001. The 2001 counts have also been adjusted to account for under-enumeration.

### Amenities (1)

- Occupancy rating is a census measure developed to calculate household overcrowding. It assumes that every household, including one person households, requires a minimum of two common rooms. E.g. -1 implies that there is one room too few.
- A dependent child is a person in a household aged 0-15 (whether or not in a family) or a person aged 16-18 who is in full-time education in a family living with parents.

### Qualifications (2)

- Level 3 = 2+ 'A' levels, 4+ 'AS' levels, NVQ 3 Advanced GNVQ
- Level 4/5 = First degree, NVQ 4/5, HNC, HND, Qualified Teacher, Doctor, Dentist, Nurse, Midwife and Health Visitor.

### Health (3)

- Limiting long-term illness covers any long-term illness, health problem or disability that limits daily activities or work.
- General Health refers to health over the 12 months prior to Census day. (29 April 2001)
- Provision of unpaid care: persons looking after, giving help or support to family members and/or neighbours because of long-term physical or mental ill-health or disability or problems relating to age.

### Car / Van Ownership (4)

- 'All cars/vans' may not be exact as households with more than 10 cars are counted as having 10 cars.

### Hours worked (5)

- Hours worked is the average number of hours per week for the last four weeks before the Census day. (29 April 2001)

### Travel to work (6)

- Public transport is defined as Underground, metro, light rail or tram; bus, minibus or coach (but excludes car-sharing)
